

Re-think TRUST

FOR THE BLOCKCHAIN COMMUNITY

WHAT IS STACKR

Stackr is a secure alternative type of wallet with additional built-in benefits.

Safeguarding of assets has long been the cornerstone of wealth generation. As technology evolves, it is apparent that financial solutions need to move forward in a similar manner. Stackr promises exactly this by minimizing traditional frictions (fees, taxes etc...) that adversely impact savings solutions, while providing dynamic investment choices within a secure trust structure. Stackr is the first of its kind.

Stackr is the first of its kind and at the forefront of serving the crypto community.

INITIAL HOLDING OPTIONS

No minimum amount of fiat or crypto equivalent into one or a combination of crypto currencies.

BENEFITS OF USING STACKR

CUSTODY
Independent third party custody

NO/LOW FEES
The Stackr Wallet is free with low fixed transactional charge.

POTENTIAL TAX DEFERRAL - In many jurisdictions, moving assets between crypto and fiat can trigger unnecessary taxable events. Stackr can be isolated from such events due to the trust structure, which means that it is only when you really need your money and remove it from the trust that you might pay any tax.

NEXT OF KIN BENEFITS - Stackr allows you to designate beneficiaries to receive your assets without going through a possibly lengthy and expensive probate process and estate taxes.

SAFEGUARDING PROFITS
Seamless movement between crypto and fiat.

BACKGROUND TO THE TEAM

Now is the time to bring blockchain and the traditional expertise of Stackr to the mainstream investor community. The Stackr team is comprised of the best traditional financial services experts and blockchain specialists.

The Stackr team has the experience of building a US\$ 3 billion saving solution in the traditional finance space, with some of the team working together for the last 20 years. Everyone has their reasons to join Stackr, but the guiding principle is to bridge the old and new worlds and bring all the best aspects together to provide customers with solutions that are easy to use.

1ST TIER SERVICE PROVIDERS

This document was designed to provide a brief description of the features of Stackr. It does not constitute an offer or solicitation to anyone. It is presented for information purposes only. Stackr is not available in the United States or to citizens or residents of the United States or Bermuda. Stackr holdings are subject to market risks. Values can go down as well as up as a result of market changes. There is no assurance or guarantee of capital or performance. Investors may lose money including possible loss of capital. Past performance is not necessarily a guide to future performance. No representations or information provided by Stackr should be construed as tax advice. Stackr strongly recommends investors speak to their tax advisor before taking up any offers related to the Stackr product. Stackr does not make any representations that products or services described or referenced herein are suitable or appropriate for a trust. Many of the products and services described or referenced herein involve significant risks, and a person should not make any decision or enter into any transaction unless the person has fully understood all such risks. Any discussion of risks contained herein with respect to any product or service should not be considered to be a disclosure of all risks or a complete discussion of the risks involved. Persons must make their own independent decisions regarding the suitability and risks of any strategies or financial instruments mentioned herein.

WE BELIEVE THAT EVERYONE SHOULD HAVE ACCESS.

WHETHER IT IS FOR FINANCIAL SECURITY OR TO BE ABLE TO TAKE THAT CALCULATED RISK IN THE FUTURE, EVERYONE SHOULD BE SAFEGUARDING THEIR SAVINGS. UNTIL NOW TRADITIONAL FINANCIAL INSTITUTIONS HAVE LARGELY CONTROLLED THE WAY PEOPLE SAVE, INTERMEDIATING THE PROCESS WITH UNNECESSARY FEES, PAPERWORK, AND FRUSTRATING HUMAN INVOLVEMENT.

STACKR HAS BEEN DESIGNED TO FACILITATE CHANGE.
